

A TALE OF STORE GAMERS - END OF MONTH 2

With month 2 coming to a successful end, it's time to make things a little tougher for those that are beginning to slip behind. The aim for the next month is to have 8 units completed. There will be bonus points available for those that manage to catch up.

If you'd like to change the models in the cabinet, then either speak to the staff or see me next Tuesday. I think it's ok to have a number of models each in there now – say a unit of 5/6.
